

Unique. Diverse. Incomparable. The SuperSkiCard!

The unique SuperSkiCard ticket is your pass to a wide range of skiing experiences with up to 2.815 kilometres of ski slopes in SalzburgerLand and neighbouring ski regions including Bavaria. A new member this year is Upper Austria's ski region Hinterstoder-Wurzeralm. Two absolute insider tips among skiers and an additional 60 kilometres of slopes to choose from this winter with the SuperSkiCard. The SuperSkiCard guarantees variety and maximum flexibility from mid-October to the beginning of May and can be purchased as a SuperSkiCard Premium, a 10-days flexible ticket or as ski passes.

For over 20 years, maximum variety and regional flexibility on skis has been known under the name: **SuperSkiCard**. You can choose between up to 87 ski resorts in 22 ski regions with fantastic slopes, numerous themed slopes and freeride routes or world championship slopes in seven World Cup resorts. Nearly 800 huts and mountain restaurants invite you to take a break for a perfect combination of sport and indulgence. The glacier ski areas ensure a super long winter right until spring.

The SuperSkiCard includes a new ski region: Hinterstoder-Wurzeralm

Unique in its size and variety of offers, the **SuperSkiCard** is simply the best solution for all those who like to hit the slopes often, love diversity and want to experience a wide range of slopes. SuperSkiCard users have even more options this winter. Over 60 kilometres of slopes have been added to the Premium season ticket thanks to the newly included Hinterstoder-Wurzeralm in the region of Upper Austria. With Hinterstoder the only World Cup resort in Upper Austria and the Wurzeralm family ski area, more diversified skiing days are guaranteed.
